Applications: Ticket Counters, Inquiry Counters, School Fees Counters, Doctor-Patient Communication, Nurse-Patient Communication, Shops, Offices etc.

CP-551 is a Two Way Counter Communication System exclusively designed for easy and effective conversation across counters with transparent glass or brick/concrete wall.

System comes with an advanced and revolutionary VOICE SENSING TECHNOLOGY. With this technical advancement system is totally hands free. No need to press any button during operations.

System consists of a Attendant Unit and a Customer Unit. Attendant Unit comes with a Goose Neck Microphone for attendant to speak. Customer Unit comes with builtin Microphone and an option to connect external microphone. If both units are installed in same room & are in a close proximity than it is recommended to use goose neck microphone on customer unit as well.

Auto Mute feature to automatically mute the system if there is no activity for 30 seconds. This is to comfort attendant from unwanted outside noise.

Technical Specifications:

1. Speaker Wattage : 06 Watt, 04 inch at both ends. System has bigger speaker and high wattage amplifier for better fidelity and voice response.
2. Microphone: Attendant Side - 18" Long Gooseneck Microphone.
Customer Side - Cabinet Mounted Electret Condenser Microphone.
3. Cabinet : Sheet Metal Power Coated.
4. Dimensions : Attendant Unit : 210 X 160 X 90 mm Customer Unit : 140 X 132 X 60 mm
5. Net Weight : Attendant Unit : 1.860 Kgs Customer Unit : 0.760 Kgs
